

Product Information: Momentum C2 C 0W-30

Description

Momentum C2 C 0W-30 is a fully synthetic motor oil featuring emissions compatible technology, which enables exhaust after-treatment systems to remain clean and maintain engine performance. The unique formulation offers fuel economy benefits, whilst maintaining engine cleanliness and delivering excellent anti-wear performance. The high-quality base fluid composition promotes exceptional cold temperature performance and offers excellent thermal and oxidation stability, as well as protection against rust and corrosion.

Applications

Momentum C2 C 0W-30 is primarily formulated for use in Peugeot and Citroen models fitted with Blue HDI engines and is compatible with Selective Catalytic Reduction (SCR) systems and Diesel Particulate Filters (DPF), it may also be used where the original equipment manufacturer recommends an engine lubricant of this quality, viscosity and performance level.

Performance Features

- Excellent cold flow characteristics
- Mid-SAPS emission compatible technology
- Protects against engine wear
- Control over sludge and piston deposits
- Excellent thermal and oxidation stability
- Fuel economy benefits
- Maintains viscosity
- Protects against rust and corrosion

Performance Levels

- ACEA C2 (2016)
- PSA B71 2312

Typical Data

Characteristic	Unit	Result	Method
Density @ 15.6°C	kg/l	0.844	ASTM D4052
Kinematic Viscosity @ 40°C	cSt	54.4	ASTM D445
Kinematic Viscosity @ 100°C	cSt	9.85	ASTM D445
Viscosity Index		169	ASTM D2270
Flashpoint (Open)	°C	215	ASTM D92
Pour Point	°C	-45	ASTM D97
CCS @ -35°C	mPa•s	5600	ASTM D5293
Total Base Number	mg KOH/g	6.7	ASTM D2896
