

# Product Information: Limitless Super 10W-40

## Description

Limitless Super 10W-40 is a high quality semi synthetic motorcycle lubricant which utilises proven additive technology. The formulation provides a highly stable lubricant, which exhibits outstanding wear control, rust and corrosion protection, resistance to oxidation and cold temperature performance, giving maximum protection to both engine and gearbox components. The high viscosity index and excellent shear stability offer genuine stay-in-grade performance, even in highly stressed equipment.

## Applications

Limitless Super 10W-40 is suitable for use in the majority of most high performance on and off road four stroke motorcycles and is particularly suitable where wet clutch performance is required, or where the OEM specifies a lubricant of this quality, performance level and viscosity.

## Performance Features

- Stay in grade performance
- Outstanding wear control
- Control over piston deposits
- Resistance to rust and corrosion
- Oxidative and thermally stable
- Excellent cold temperature performance
- Excellent shear stability
- Control over lubricant cavitation
- Wet clutch performance

## Performance Levels

API SN  
JASO MA2

## Typical Data

Characteristic	Unit	Result	Method
Density @ 15.6°C	kg/l	0.866	ASTM D4052
Kinematic Viscosity @ 40°C	cSt	94.1	ASTM D445
Kinematic Viscosity @ 100°C	cSt	14.5	ASTM D445
Viscosity Index		160	ASTM D2270
Flashpoint (Open)	°C	220	ASTM D92
Pour Point	°C	-42	ASTM D97
CCS @ -25°C	mPa•s	7000 Max	ASTM D5293
Total Base Number	mg KOH/g	9.5	ASTM D2896
